

Your Legacy Pledge Form

Making a Will is a positive and important action as part of planning for the future. It can eventually make things so much easier for your family and executors, and it also means you have control over your assets. Leaving any sum to ADD-NI Children's Charity also means that you can leave a positive legacy for those affected by AD/HD in Northern Ireland.

If you already have a Will, but would like to amend it to leave some money to charity, your solicitor can advise you. If you are engaged in making your first Will, please ensure that your dependents and those closest to you, are provided for first, before you give to ADD-NI Children's Charity.

If you have already left a legacy to ADD-NI Children's Charity, or if you intend to, please return this form to us. Whilst we hope it will be many years before we receive your bequest, by knowing how many people have pledged gifts to us helps enormously in our future planning. It will also allow us to keep you up to date with our work over the coming years. Thank you so much for considering us and for your help.
